

# LADIES DAY

**Sunday 19<sup>th</sup> October 2014**

Ladies come for a drive and practice your skills and if your man wants to drive he needs to have a **skirt** on please!!  
Or the sheriff will be informed...

Ladies this day gives you the opportunity to drive the fourby and have a go at some of those slightly harder obstacles and test your skill level. There will be chicken tracks for those that are not that adventurous. The reccie has been done and there are still plenty of big puddles to play in  
And fellas if you really want to have a drive, bring along a skirt....

## Mundaring Power-lines
