BAYWATCH @ SHARK BAY ☺

22nd to 30th September 2018, first week of the September school holidays.

Ok, change of plans. We decided to give whale watching a miss this year and instead explore Shark Bay and Francoise Peron Nat Park a bit more.

Camps include Herald Bight, Tamala Station and maybe False Entrance. We'll visit Steep Point & Australian main land's most western point. Time to swim, fish & relax along the beach. From there back towards Perth inland via Butcher's Track, Murchison & Mullewa to hopefully find a few wild flowers along the way ☺

Trip Leader: Michael (Phone: 041 525 4849)

Meet: TBC

When 9:00 am, Saturday 22nd September

Bring: Camper trailers are ok. Please be fully self-sufficient with fuel, water, food, first aid, medicine & spare parts etc. for around 600 Km & several days with no services at times. I'd expect close to 3000 k's for the entire trip.

Level: Soft dunes, beach driving, off road tracks along the cliffs & lots of gravel ☺

What to expect: Expect fantastic scenery, beautiful beaches, great wild life, nice weather (hopefully ☺), lots of wild flowers, warm camp fires, great company, lots of fun & as always the unexpected ☺
