

# LADIES DAY

**Sunday 4<sup>th</sup> July 2021**

Ladies come for a drive and practice your skills and if your man wants to drive he needs to have a **skirt/dress** on please!!  
Or the sheriff will be notified...

Ladies this day gives you the opportunity to drive the fourby and have a go at some of those slightly harder obstacles and test your skill level. There will be a Marshall to help guide you thru any sticky situations we come across, i.e. wheel placement & gear selection. There will be chicken tracks for those that are not that adventurous, so tackle what you feel comfortable doing....  
I'm sure there will be plenty of big puddles to play in  
And fellas if you really want to have a drive, bring along your cross dressing wardrobe....

## Mundaring Power-lines
