

THE KENNEDY RANGES

3RD TO 11TH JULY 2021 ... and beyond for some ☺

Trip Now Full...

The plan is to head north towards Yalgoo, then tackle the gravel towards Murchison & Erabiddy Bluff. From here to Gascoyne Junction where we'll leave all trailers behind. I'd like to spend three nights around & on top of the ranges. Be prepared for some water crossings, sandy & rocky terrain ☺

Meet: Contact trip leader for details

Bring: Everything you need for a week. There will be basic supply opportunities but these are restricted to fuel, maybe water & basic food items. I'd suggest be fully self-sufficient for the week.

Level: To be confirmed but PLEASE ...2 spare tyres, enough fuel for 700 k's ... just in case ☺, your necessary spares & no trailers around the Ranges!

You can leave your trailers at Gascoyne Junction but you'd have to make your own arrangements for the 2-3 nights' storage!
