This trip needs around 20 people to be worth while doing a Hungi, The plan is to travel down on Friday so we can get an early start collecting firewood and getting food and everything else prepared. As the food takes 5 to 6 hours to cook we will be having a damper bakeoff and tasting in this time for those interested... with a small prize for the winner and a crack round the head with a wooden spoon for the most burnt damper. So come along but we need numbers as soon as possible to arrange food etc. This has been a popular trip in the past so get in quick as there is a limit on numbers. **The cut off date is the 28th August**
